Our mission statement:

"Each and every patient matters"

Our aim is to provide the highest possible quality of care to all our patients in a professional, responsive, supportive and courteous manner, with patients and staff working together for the benefit of everyone.

The core values and principle that guide us are:

Patient centred: Each patient's individual needs and experience are our first consideration, and at the heart of everything we do.

Quality: To provide the highest possible standard of care, and treat patients with diversity and equality.

Premises: To provide our patients with a clean, modern and safe environment each time they visit our surgery.

Ethical: To work within an ethical framework at all times through a policy of transparency and openness.

Teamwork: To work together and support each other for the benefit of our patients.

Staff: To invest in the development of staff, providing a highly skilled work force and ensuring their knowledge, skills and ability remain up to date.

"Providing our patients with high quality medical care"
